About us

Present Time is a wholesaler, specialising in home decoration items - design clocks, lighting and small furniture. As a Dutch company with a Danish CEO, we have a surprising combination of Dutch design and Scandinavian style.

Our history

In the early 1980's, a small gift company called Kaleidoscoop started. Due to the success of this company it merged with Clockwork and they decided to combine their strengths under the name Present Time. In 1999 Present Time expanded by buying two other companies - Karlsson and Leitmotiv. Today these companies are still recognisable as brands of Present Time. Present Time continued to grow over the past decade and is now the parent company of the brands: pt, Karlsson, and Leitmotiv.

Our creative department travels around the world to surprise everyone with new collections that are presented in our catalogues twice a year.

The Spring/Summer catalogue comes out in January and the Autumn/Winter catalogue is launched in August. To keep you surprised and excited, a small range of products will be added throughout the year.

The Present Time Head Office is located in Almere, the Netherlands. Present Time is active all over the world, where you can find our products in the world's most famous department stores, but also in exclusive gift shops and online.

pt, - 6

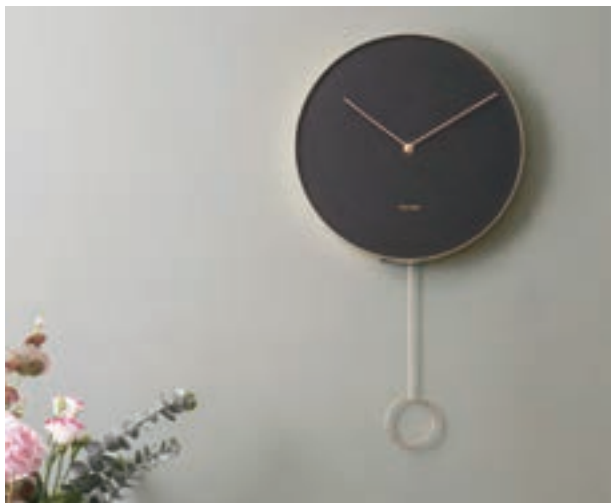

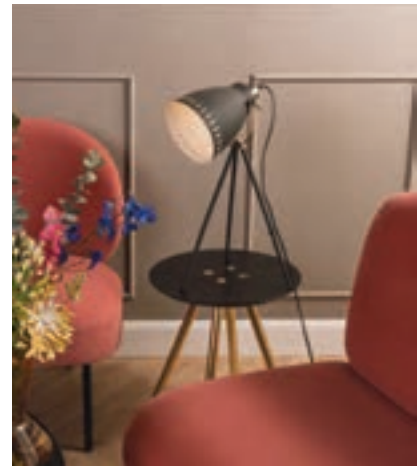

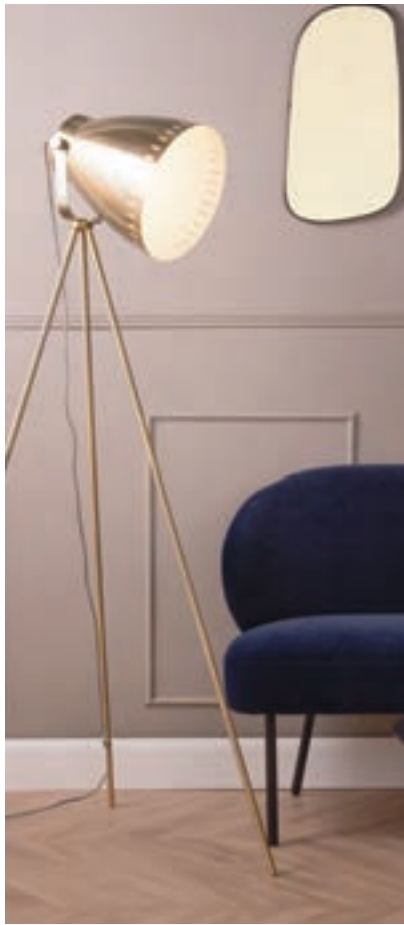

pt,'s surprising and accessible home accessories have an indescribable 'must have' feeling. In our wide collection, we have enough choice for every interior style. While the primary focus is on the elements of form and design, they are also functional.

Leitmotiv - 106

Leitmotiv products are items with strong and timeless design elements. These appear in each and every collection. Their products will surprise you with daring, challenging designs, which makes this a unique collection.

KARLSSON - 188

Karlsson is a world-renowned Dutch clock brand. The Karlsson brand is synonymous with high quality, stunning graphics, aesthetic shapes and innovative design. This is the result of a unique collaboration between national and international designers and our own creative team.

URBAN ELEGANCE

Implementing some luxury in your home is getting important. Maybe even more important now than in the past. The items from our Urban Elegance theme are selected by their appeal. They have that deluxe touch. Whether it is because of their colour or the materials used, each item is a gem in your home which will really make a statement. For this theme we still worked a lot with gold accents as they combine perfectly with the dark colours and give the items some extra richness. Also, velvet is still very popular. The combination of gold, luxurious materials together with the darker colours like blue, green and clay brown make our Urban Elegance theme.

NATIVE NOMADS

This theme has been around for some time now. Characteristic for this theme are the use of natural materials and the more basic, natural based colours like different tones of brown and sunburned colours as mustard yellow and grayed jade. The items in this theme bring a certain serenity in your home. The colours used are light tones which are calming to the eyes and make you relax easier. More awareness is made by the use of natural materials like cork, bamboo and concrete. Looking for some inner calm and peace of mind? Have a look at our items from this Native Nomads theme to implement into your interior.

The Mingle lamp is a tripod table lamp. The slender three legs in combination with the metal shade with little holes make it a slim, playful favorite. Modern table lamp Mingle is also available as a floor lamp, so you can easily apply the style in your interior.

Floor lamp Classy is reminiscent of a classic floor lamp and lives up to its name. The slender, fully iron tripod floor lamp has high legs with a shiny cylindershaped shade, which diffuses atmospheric light, perfect for the seating area. The shade is wider at the bottom and narrower at the top, creating a special light effect. The cord can be attached to the leg with the aid of clips.

206 - WALL CLOCK MODERN CUCKOO

We introduce a modern Cuckoo clock. A stylish design with a wink to the good old fashioned Cuckoo clock as we all know it. The little bird inside will give a gentle sound every hour but do not worry, during nighttime it is quiet and sleeping, just as you.

188 - WALL CLOCK BELT

In our winter 2020 collection we introduce a range of 3 clocks designed by Anne Rieck. All three styles have very elegant and thin hands and each design has its own unique accent. This Belt clock is just one of the three sophisticated designs.

190 - WALL CLOCK ENGRAVED NUMBERS

A new member to our successful Charm range. During her internship, Shealynn Bouman made this design to add to our Charm family. The numbers are in accent gold colour. Available in our favorite colours for Winter 2020.

2 year warranty Karlsson provides a two-year warranty against manufacture defects, which is valid from the date of invoice. If you find such a defect within the warranty period, bring the product to your dealer with your proof of purchase.

Alarm clock
We offer a wide range of alarm clocks. All of them including silent movement

Silent movement
Ultra-quiet clock movement. No ticking sound to distract or interrupt you. When included, the second hand moves in a smooth, continuous motion.

Pendulum movement
The pendulum movement brings an swinging motion to the clock design. This motion show the seconds passing by.

236 - FLIP CLOCK NO CASE MINI

Introducing the mini No Case flip clock! This clock comes with a stand so you can choose to hang it on the wall or place it on the stand. With our own design digits of course and available in trendy colours besides the timeless black and white colour.

228 - ALARM CLOCK STYLISH NUMBERS

The name says it all in this case. This alarm clock has a stylish and elegant design dial with golden numbers. Gold is still popular and so we used this for the case as well as the stand. Available with white and black dial.

205 - ALARM CLOCK INDEX METAL

For this season, the design duo Boxtel & Buijs came up with the Index design for an alarm clock and a wall clock. Extra detail is that also the hands are own design and therefore have an exclusive shape. The Index designs are available in black, grayed jade and mustard yellow.

225 - ALARM CLOCK MINI TWIN BELL

Who says big is better? Well, guess they have not seen our mini alarm clocks yet. These small alarm clocks are cute and practical. Easy to take with you when you travel and now available in the well-known Twin Bell design. Available in the trend colours for Winter 2020.
